This form is required for our files. Please read, complete, and sign this form. Be aware that only owners of the dog have access to the semen stored here. If you are not the owner and want to use the semen you must have the owner transfer the semen to you. This requires a different form. Also be aware that if you own this dog and list any co owner's they will have access to use this semen. The American Kennel Club requires us to keep a copy of the registration at the time of freezing. If you do not have it with you please send it to us immediately. In order to register a litter from this semen you need to have your male's DNA on file with the American Kennel Club. See their web site for more information and a free kit.

Please read and sign the following contract:

Chino Hills Animal Hospital agrees to collect, freeze, and store canine semen from the dog in this contract. The frozen semen will be available to the semen owner for use or shipping following standard procedures. Payment is due at the time of collection and includes storage until the start of the next calendar year. I understand that up to 30 vials or breeding's will be stored at a rate of \$90.00 per year. I understand that semen storage fees are not pro-rated. Minimum storage fee for one year is \$90.00. All fees are non-refundable, non-transferable, and subject to change yearly.

I authorize Chino Hills Animal Hospital to charge my credit card yearly, on or after January 1st for payment of services. If Chino Hills Animal Hospital is unable to process my payment, I will be responsible for an alternative payment arrangement and any resulting processing fees that may be incurred. The authorization is in effect until I notify Chino Hills Animal Hospital in writing.

By signing this authorization, I acknowledge that I have read and agree to all the above information and warrant all information provided is correct. THIS AGREEMENT REMAINS IN EFFECT UNTIL CANCELED BY THE APPLICANT WITH WRITTEN NOTICE. By providing Chino Hills Animal Hospital written notice may cancel this agreement at least 14 days in advance of the cancellation date.

It is essential that you keep us updated with your contact information and current credit card to avoid late fees or the destruction of your semen. Storage Bills not paid by Feb 28th will be assessed a \$35 late fee. Storage fees not paid by July 1st of the delinquent year will be sent a notice by priority mail. If payment is received an additional \$35 late fee will be assessed. If storage is not paid by August 1st of the delinquent year the semen will be destroyed.

There are additional fees charged by Chino Hills Animal Hospital when the stored semen is shipped for breeding or transfer. These fees include shipping preparation, shipping tank rental, and actual shipping charges to send the semen to its destination and for the return of our empty tank. A deposit may be charged on the tank pending its return. All charges must be current before semen can be released for use.

Chino Hills Animal Hospital shall not be held liable for, and cannot guarantee conception from frozen canine semen. We cannot guarantee that the frozen sperm cells will be viable at the time of thawing for insemination. In the event of lost or damage of frozen semen due to natural causes due to weather, fire, storage or shipping tank failure, or shipping accident or damage, Chino Hills Animal Hospital will not be liable for the loss or the replacement value of the frozen semen or costs involved in freezing and storing the semen. In the case of semen transferred to us from another facility, the same liability and storage policies referenced above apply. Chino Hills Animal Hospital is not responsible for the quantity, quality, or paperwork transferred to us by an outside facility.

In the event of a conflict regarding this contract, both parties agree to arbitration under the laws of the state of California.
