## Frozen Semen Release

This form is to be completed by the semen owner and returned to Chino Hills Animal Hospital before the frozen semen can be released and shipped. This is NOT a transfer of ownership of the semen. A litter registration will still need to be filed for puppy registration. Please try and submit this form at least three working days before the semen is to be shipped. Ideally send this form as soon as the bitch comes into season. If notice is less than three days before the shipping date, additional fees apply and shipping tank may not be available. Be aware it does take 24 hours to charge the shipping tank and make it safe for shipment.
